RESTON CITIZENS ASSOCIATION FORMS WIFI COMMITTEE

RESTON, VA, 26 SEPTEMBER 2006: The Reston Citizens Association (RCA) Board of Directors, during its August 2006 meeting, made the decision to form a WiFi Committee. The mission of this committee is to bring WiFi to Reston in successive stages over the next 2 years. The RCA WiFi Committee envisions free and reliable Internet access to residents and visitors of Reston.

The committee is actively seeking liaisons with the Hunter Mill District and RA, a legal advisor, and a committee secretary. Over the next three months, the committee will fill its ranks, establish a body of volunteers, and select a test site to build its first WiFi *hot-spot*. The committee will also work to build public awareness and financial support for a wireless Reston. If you are interested in helping the RCA WiFi Committee, please contact Keith Kelly at keith.kelly@profoundingenuity.com
